Joseph Tillery

WordPress Developer
Danbury

Summary

*** Please do not send me invites for outsourcing work overseas. You will be ignored. I like to keep high-quality work in-house where I can manage it physically. ***

High performing, accomplished detail-oriented WordPress Developer, with extensive experience with WordPress and Shopify development. Dedicated to managing initiatives to advance business objectives. Freelancer with emphasis on project and operational management, strategic planning & implementation. Seeking a position that plays to my strengths of being self-motivated and organized as well as identifying structural inefficiencies and driving internal support mechanisms.

Solidify my skills as a web programmer, introduce creative and innovative techniques to the market and become one of the best in the field.

Specialties: PHP Security, Object-Oriented Programming, Database Design and Programming, WordPress, Shopify
